

International Conference on AI and Geomatic Technology 2026

Scopus

IMPORTANT DATES

- Opening :
June 30, 2025
- Paper Submission Deadline :
November 20, 2025
- Notification of acceptance :
February 20, 2026
- Camera-ready Submission :
March 10, 2026
- Authors Registration :
March 15, 2026
- Conference Dates :
April 16–17, 2026

HONORARY CHAIRS

- Dr. Khalid Mehdi, Interim President, Sultan Moulay Slimane University of Beni Mellal, Morocco
- Dr. Abderrazak El-harti, Dean, Benimellal Polydisciplinary Faculty, Sultan Moulay Slimane University of Beni Mellal, Morocco
- Dr. Abdelghani Chehbouni, Director of the center of remote sensing applications (CRSA), Ben Guerir, Morocco

GENERAL CHAIR

- Dr. Abderrahmene El-Ghmari, Sultan Moulay Slimane University of Beni Mellal, Morocco
- Dr. El Mostafa Bachaoui, Sultan Moulay Slimane University of Beni Mellal, Morocco
- Dr. Hicham Mouncif, Sultan Moulay Slimane University of Beni Mellal, Morocco

Workshops Chair

- Dr. Mohamed Biniz, Sultan Moulay Slimane University of Beni Mellal, Morocco

Technical Program Chairs

- Dr. Imad Aattouri, Sultan Moulay Slimane University of Beni Mellal, Morocco
- Dr. El Houssaine Bouras, University Mohamed VI Polytechnic of Ben Guerir, Morocco
- Dr. Ghulam Hassan Abbasi, The Islamia University of Bahawalpur, Pakistan

Publication Chairs

- Dr. Said El kafhali, Hassan First University of Settat, Morocco
- Dr. Hicham Mouncif, Sultan Moulay Slimane University of Beni Mellal, Morocco
- Dr. Youssef Saadi, Sultan Moulay Slimane University of Beni Mellal, Morocco

Web Chair

- Dr. Imad Aattouri, Sultan Moulay Slimane University of Beni Mellal, Morocco

CALL FOR PAPERS

The First International Conference on Artificial Intelligence and Geomatic Technology (ICAIGT'26) C-organized by Sultan Moulay Slimane University and Mohamed VI Polytechnic University with the support of academic and scientific partners (CRSA, CNRST, LGE, LIMATI), will take place in Beni Mellal, Morocco, during April 16-17 2026.

ICAIGT'26 is a premier interdisciplinary platform for researchers, practitioners, industry experts, and academicians to present and discuss the latest innovations, trends, and challenges in the fields of Artificial Intelligence applied to geomatics and geospatial sciences.

ICAIGT brings together the growing AI and geospatial communities to explore cutting-edge technologies, methodologies, and applications that are transforming our understanding and use of spatial data.

Workshops

- Deep Learning for Satellite Imagery
- Roadmap for Building Production-Ready Applications Using LLMs
- Geospatial Data, Web Service and WebMapping
- LiDAR Data Analysis with AI Algorithms
- Drone-Based Remote Sensing: From Flight Planning to Data Analysis

Keynotes

- Natural Resources Management.
- GeoAI and Digital Twins: Building Trustworthy, Resilient Infrastructures for a Smart Planet.
- Earth Observation for a Resilient Future: Leveraging AI and Remote Sensing for Sustainable Development Goals.
- GeoAI and the Future of Urban Intelligence: Mapping, Modeling, Managing

TOPICS OF INTEREST

- Track 1: GeoAI and Big Data Analytics
- Track 2: Remote Sensing Applications for Sustainable Development
- Track 3: Digital Twins and Smart Environment Monitoring
- Track 4: Natural Resource Management and Geospatial Intelligence

PAPER SUBMISSION

Submissions must be original, not have been published, and not under review elsewhere for publication. All papers will undergo a thorough double-blind peer-review process conducted by a distinguished panel of experts to ensure the highest standards of academic and technical quality. Authors are invited to submit their papers through the conference submission platform at: <https://submission.icaigt.com/>

PUBLICATIONS

All ICAIGT 2026 accepted and presented papers will be published by Springer Lecture Notes in Networks and Systems (LNNS) . LNNS is now indexed by SCOPUS, INSPEC, WTI Frankfurt eG, zbMATH, SCImago.
